BUILDING COMMUNITY & BELONGING

"The Welcome Table is a needed place for the community."

Ms. Nelson volunteers every week to ensure that the food distribution runs smoothly. She arrives before the sun comes up to help organize!

The Welcome Table is an active community of sharing what you have and receiving what you need.

Tables are made into holy ground when gathered around for a meal, to play games, or just sit and talk with friends.

Turn over to see how you can share with us.

BUILDING COMMUNITY & BELONGING

***“St. James Welcome Table is a
great help to the community.”***

Frank became a friend of St. James and the Welcome Table when the pandemic hit us over a year ago. Since then, Frank has been a repetitive source of joy and encouragement on Saturday mornings. He shares out with his neighbors to ensure that all have what they need.

Food Sharing

*1/3 of families in North
Philadelphia do not know where
their next meal is coming from*

The need for food is among the most fundamental need that we have as human beings. Through our food sharing community action, the Welcome Table seeks to:

- Ensure that those within our community have access to healthy and nutritious food
- Create space for community members to connect and experience fellowship with one another through the sharing of food.

Home Repairs

More than a basic human need, our homes are the place from which we engage the world around us. Together, we partner to help families to strengthen their homes from basic infrastructure needs to improvements to make family life easier and more enjoyable.
