Report on the progress made in attaining the goals of the wellness policy (REQUIRED):

Even with the pandemic over the last two + years, St. James School has been able to maintain a high bar for health and nutrition education. We continued our "scratch cooking" with our own private chef. The chef cooks with very little processed food. They maintain a high level of fresh food (protein, starch, vegetable and fruit). We need to increase our support of our school nutrition staff by providing more PD and more support to operate the kitchen.

- 1). SJS need to increase its PD for kitchen staff
- 2). SJS would like to have a 10 minute nutrition moment during our monthly PTO meeting
- 3). SJS would like to a more comprehensive PE plan for our students which would included a PE curriculum and more resources for in-class physical activities.
- 4). SJS is starting a fundraising program to build a playground area. This playground is needed to provide more physical movement for our younger students.
- 5). SJS needs to provide more regular "physical activity breaks" in the classroom.
- 6). SJS's Welcome Table is working on a plan to offer more instructions for how to use the produce that they take at our weekly farmers market.
- 7). SJS has decided to add a session to our August 2022 orientation where we are implementing more nutritional educational information, teaching and instruction throughout the year.
- 8). SJS has "The Welcome Table," a community resource center. Their is a goal to have more cooking classes and nutritional education classes in 2022-23
