COMMUNITY SURVEY

In the spirit of fostering a stronger, more vibrant community, we invite each one of you to participate in The Welcome Table's community survey. Your input is invaluable, as it will help us better understand the needs, aspirations, and concerns of our diverse population. By taking a few minutes to fill out the survey, you contribute to the collective effort of shaping a future that reflects the values and priorities of our community. The purpose of this survey is to understand how the Welcome Table is received by the communities it is meant to serve and for our team to become better informed about what is working and what can be improved upon. The survey covers the Welcome Table's various community actions, mainly Food Sharing, Adult Education and Home Repairs, and your feedback will allow us to improve upon our services and better meet your needs and interests. Your perspective is unique and essential. Whether you're a long-time resident, a newcomer, or someone in between, your experiences

and insights provide a rich tapestry that makes our community special. Filling out the survey is quick and easy. You can access it digitally by scanning the QR code below or pick up a physical copy at the Saturday Farmer's Market. Your responses are confidential and will only be used to inform decisions within The Welcome Table. The survey will be open through March, but we encourage you to participate before then to ensure your voice is heard. We extend our heartfelt thanks to all those who take the time to complete the survey. Together, we can build a future that truly reflects the desires and aspirations of our community.
