THE WELCOME TABLE

at St. James

At the Welcome Table, we believe everyone should have access to the resources they need to have a high-quality life. We work to make it easier for our students, their families and our larger community to have access to the things they need in order to thrive. As a team, we maintain a commitment to upholding certain values that benefit our community. These values include total care, community involvement/ownership, quality service, and reflection and response.

Community Actions are the primary way we create spaces for members of our school and broader community to access essential needs and experience a community of sharing. Community Actions are the pillars which we operate year-round and consist of food sharing, adult education, legal aid, home repairs and community lending.

Building community is beautiful but challenging work that happens when all who participate in its formation are open to learning and adjusting to better serve the needs of the whole.

What is
FOOD SHARING
at the Welcome Table?

We host a no cost "farmers market styled" food distribution event that is open to the whole community. The market is year-round on Saturday mornings at 9:30 am. All are welcome!

Our goal is to make healthy produce and other staple foods accessible to our students and families as needed, as well as create an opportunity for fellowship and sharing.

Food sharing is led by our Food Sharing Coordinator, Tiana Jones, who will also be starting group health coaching in the spring.

Questions about how to get involved in Food Sharing? Please contact Tiana Jones.

Community Cookbook

The Welcome Table is thrilled to unveil our newest project: A Community Cookbook! A fusion of diverse and delightful recipes, these recipes are donated from our very own neighbors. We invite YOU to contribute your recipes starring the nourishing ingredients from our Saturday Farmers Market.

Imagine—a cookbook that echoes the essence of our community, where every page is a celebration of our collective spirit, turning simple ingredients into dishes that warm the heart and soul. Together, we will craft a cookbook that symbolizes our shared commitment to nourishing not only our bodies but also the relationships and connections that make our community a place to thrive. It will be a vessel of our community's love, creativity, and unity, helping The Welcome Table and its community actions flourish for generations to come!

Wellness Weekend: Mental Care

Instructed by Tiana Jones

May 11th

10:00 AM

Wellness Weekends at The Welcome Table will be a re-energizing experience. We are excited to bring a more holistic approach to wellness, with classes crafted and geared specifically towards our community. We will engage in transformative mental health and mindset activities, indulge in the art of Aromatherapy and the healing properties of herbal teas, plus you can join us for all things physical health and nutrition to kick start your own health and wellness journey.

Wellness Weekends are more than an event or workshop. This is a journey and as a community we are coming together to learn, grow and love ourselves. Health isn't a destination, it takes time, patience, compassion and a can-do attitude. Join us for these amazing experiences, whether you are a health guru/expert or just beginning your own journey.

Body Positivity

Body Positivity is a stretch class geared towards moving and listening to your body and opening up your mind to what's possible. We all struggle with keeping it positive when it comes to our individual bodies so here we will dive into a session that's all about celebrating every inch of YOU. Because, let's be real, our bodies are nothing short of magic. It's imperative to take any little time you have to put yourself first. Let's make your overall health and wellness a priority.

We will open up the class with breathwork techniques and affirmations. Followed by a series of movements and unwinding with stretches that will have you feeling longer, lighter and oh-so restored! You are worth every moment. Come as you are and leave feeling like the superstar you've always been!

HHP employs a trauma-informed approach that considers the trauma and adversity that clients have experienced and recognizes that addressing these issues is critical to breaking the cycle of violence and supporting individuals in moving towards healing.

Discussion topics vary, and previous conversations include subjects such as the unique role of seniors in our community and defining what we value in a neighborhood community. Please feel free to let us know if you would like to participate in a future Community Conversation!
